

How to book

Book Container Business

Submit container business as per the usual process.
If you have any questions on this, please have a look at our Safmarine user guide.
Click here to access user guide

1

Select Customs Clearance Product

Based on your container booking, the system will recognize if we can offer Import or Export Customs Clearance products and services. Depending on the import and export country that you have selected. Click **select** and add to select the type of Customs Clearance product and add it to your shipment.

2

Confirm the Details

Check your selected products and confirm your purchase
Please read the terms and condition and select the '**Accept**' checkbox if you agree, before pressing the confirm purchase button.

3

Upload your Documents

To complete your request you will be asked to upload the relevant documents. This can be done through the '**Additional Services**' when managing your booking on the Shipment Binder.

4

Deliver

You will receive your clearance documents. In case of any missing documents or questions, your local Damco representative will contact you.
